

M.A.S.T.E.R. Seminar

Ministry Administrative Staff Training & Educational Redevelopment

Seminar Overview

This seminar is exclusively for Pastors and Ministry Administrative Staff (*i.e., Ministers, Financial Officers, Trustees, Administrative Assistants, Deacons, Evangelist, Pastors Aide, etc.*) Executive Directors, Managers and those who are directly involved in the daily operations of ministry and their community-based organization.

As a Consultant for twenty years and being the wife of a Pastor I have had the privilege of serving many churches across several states since 1992. The church in general consists of many members yet we are one body in Christ with very similar needs. Every Bishop, Pastor and Elder I have met with over the years has expressed the same areas of need within the ministry. The measure of need varied but the ultimate goal was to reach souls for the Kingdom of God.

Most of those needs are still being shared with me today 20 years later and this is what we will address at the seminar. Together as we share these realistic challenges, you will receive a network of support, resourceful information and best of all credible solutions!

Come join us as we prepare to move forward into the realm that our Heavenly Father has established and that is to bring us to that expected end!
